Googol Technology (HK) Limited
Control & Network Factories of the Future...

Googol Technology (SZ) Limited
Motion Controllers and System Development Platform
Education & Research Laboratory Facilities
Advanced Manufacturing & Equipment Training Systems
Googol Technology Limited was founded in 1999 by a group of renowned experts, scholars and professionals in motion control, manufacturing automation and microelectronics. As the first high-tech company in Asia Pacific region specializing in motion controllers and controller based systems, Googol Technology offers a range of standard and highly customized motion controllers, PC-based control systems as well as automation and mechatronics products. Regional application engineering expertise, strong support, cost effectiveness, and high performance set Googol Technology apart from all other competitors.

**Mission**

To provide high-performance and cost-effective motion control systems for the market.

**Objectives**

To become a leading provider of innovative motion control products and service to the clients, and to contribute to the development of the region as a world-class manufacturing base in electronics and IT products.
Googol Technology Limited was founded in 1999 by a group of renowned experts, scholars and professionals in motion control, manufacturing automation and microelectronics. As the first high-tech company in Asia Pacific region specializing in motion controllers and controller-based systems, Googol Technology offers a range of standard and highly customized motion controllers, PC-based control systems as well as automation and mechatronics products. Regional application engineering expertise, strong support, cost effectiveness, and high performance set Googol Technology apart from all other competitors.

**Mission**

To provide high-performance and cost-effective motion control systems for the market.

**Objectives**

To become a leading provider of innovative motion control products and service to the clients, and to contribute to the development of the region as a world-class manufacturing base in electronics and IT products.
Googol Tech’s motion control products have been used in over 40 industry sectors, by more than 1000 industry customers in China and worldwide.
**OPEN-ARCHITECTURE MOTION CONTROLLERS**

**Compelling technology platform to help customers become successful enterprises**

- **General Purposed Motion Controllers**
  - High-performance DSP and FPGA
  - Supporting ISA, PC104 and PCI
  - Fulfilling 2-8 axes motion control
  - Linear, circular and continuous interpolation functions
  - On-board memory buffer to improve communication efficiency
  - Drivers and DLL for win98/2000/xp/CE, DOS, C/C++, Delphi VB function library

- **Standalone Motion Controllers**
  - High Performance and highly integrated
  - Equipped with Intel 852GM Chipset and Intel Celeron M 600/1GHZ
  - Industrial PC and PLC standardized
  - Multiple HIMs, such as LVDS, USB, KB, HSIO, etc
  - Plentiful communication interfaces
  - Open architectural platform
  - Pass multiple reliability & safety tests, stable under abominable industrial locale environments
  - Low customer cost
  - Network communication port (Ethernet, Profibus-DP, RS232, RS232/485)

- **Computerized Programmable Automation Controller (CPAC)**
  - High integrations of motion control, embedded PC, network communication, PLC and MHI
  - IEC61131-3 programming system
  - Extendable I/Os: network, ADDA, auxiliary encoder, etc
  - DSP + FPGA motion control technology
  - Software PLC technology
  - Network control/remote diagnose technology

- **Customized Control Solutions & Applications**
  - Motions+Laser Controllers
  - Motions+Laser+Scanner Controllers
  - Network-based motion controllers
  - CNC system development platform
  - Robotics control system
  - Engraving machine control system
  - Laser cutting & labeling System
  - Special designed controllers

**Applications Samples**

Googol Tech’s motion control products have been used in over 40 industry sectors, by more than 1000 industry customers in China and worldwide.
Googol Tech’s customers include more than 900 universities and institutions across China and over 30 other countries.
Googol Tech’s customers include more than 900 universities and institutions across China and over 30 other countries.
